FKA: Evenflow, Inc., Dropbox creates and distributes software that enables users to access, share, and collaborate on their files. Dropbox is a free service that enables any file the users save to their Dropbox to automatically save to all of their devices: computers, phones or iPads, and the Dropbox website. Dropbox Pro provides unrivaled sync along with 1 TB of space, powerful sharing features, and increased control. Dropbox for Business enables users to put documents, photos, and other digital products into a central location and work on or share the items from any connected device.
