FKA: Pivotal Labs LLC and FKA: GoPivotal, Inc., the company offers enterprises modern software innovations that include agile development services, an open cloud platform and an open suite of big data products. It offers Pivotal Cloud Foundry, a Platform-as-a-Service (PaaS) solution for agile development teams to update and scale applications on a private cloud; and Pivotal One, a multi-cloud enterprise PaaS. Pivotal CF allows developers to focus on the application as the unit of deployment and scale, not infrastructure. It provides an abstraction layer that enables enterprises to make infrastructure choices based on price, performance, location and efficiency.
